Mallinckrodt Scholar Award

Coordinator: Holly Sommers; hsomme2@emory.edu

Website: <http://www.emjf.org> or <http://www.emallinckrodtfoundation.org/Guidelines.html>

Agency Deadline: January 15, 2018

Internal Deadline: November 27, 2017

Submission Limitations: Emory University has been invited to nominate two (2) candidates for this program

Internal Competition Guidelines: Interested applicants must submit an abstract of their proposed projects (not to exceed 2 pages) and an NIH-style biosketch to Holly Sommers via e-mail (hsomme2@emory.edu) by no later than the internal deadline above for consideration. Please put– ***Mallinckrodt Scholars- Applicant Name*** in the subject line of the e-mail. It is helpful if the abstract and biosketch are submitted in a single PDF file with the abstract first. Please note that written reviews or summary statements from the internal review and selection process will not be available.

The Mallinckrodt Scholar Program was established to support early stage investigators engaged in biomedical research that has the potential to significantly advance the understanding, diagnosis, or treatment of disease.

The funds are designed to provide faculty members who hold M.D. and/or Ph.D. degrees, and are in their fifth to eighth year of a tenure-track position, with support to move the project forward to the point where other independent funding can be obtained. Candidates may have an R01. Proposals from selected candidates must be accompanied by letters of approval by the Dean of the medical school and/or another senior faculty member or members who can represent the support of the institution and who are acquainted with the qualifications of the applicant and the potential impact of his/her work. (This letter is not needed for the internal selection process.)

The Scholar Award provides \$100,000 per year for a period of four years. The Foundation will not fund overhead / indirect costs. Salary is allowed.
